- Shodan
- tShark
- Hydra
- Cuckoo Sandbox
- Burp Intruder

PROFILE

Accomplished Research Associate at the National Centre for Cyber Security, NASTP, with expertise in developing and deploying SIEM solutions for network defence. Demonstrates proficiency in integrating threat intelligence and enhancing operational efficiency through automation. Experienced in independent cybersecurity projects, executing comprehensive penetration tests, and producing professional deliverables. Skilled in SOC analysis, vulnerability management, and security incident response, with a strong foundation in tools such as NMAP, Wireshark, and Snort. Adept at communication and leadership, with a commitment to advancing cybersecurity practices and solutions.

EXPERIENCE:

National Centre for Cyber Security, NASTP

Research Associate

02/2024 – Present | Islamabad

- Development & Deployment of SIEM solutions for Network Defense
- Enhanced SIEM capabilities through threat intelligence integration.
- Integrated SIEM solutions into cloud environments.
- Enhanced operational efficiency through automation.
- Developed solutions for critical data protection.
- Facilitated seamless SOAR and SIEM integration.

Independent Cybersecurity Projects

Self Employed

08/2023 – Present

- Took initiative to source real-world penetration testing opportunities within my personal and professional network.
- Executed end-to-end penetration tests — from reconnaissance and vulnerability assessment to reporting.
- Produced detailed documentation and screen-recorded walkthroughs of findings, mirroring professional pentest deliverables.
- Strengthened expertise in ethical hacking methodologies, vulnerability analysis, and secure system design.

EDUCATION:

MS-CYBER SECURITY

Air University, Islamabad

2022 – 2025 | Islamabad

BS- COMPUTER SCIENCE

Arid Agriculture University, Rawalpindi

2015 – 2019 | Rawalpindi

TECHNICAL SKILLS:

- SOC Analysis
- Security Policy Development
- Security Policy and Compliance
- Penetration Testing
- Security Incident Response
- Network Defense Solutions
- Graphic Designing
- Report Making
- Static & Dynamic Analysis
- Scripting & Automation

INTERESTS & ACTIVITIES:

- Cyber Security News. •
- Research work. •
- Martial Arts •
- Book Reading • Cooking •
- Yoga • Running

PERSONAL SKILLS:

- Communication skills
- Leadership skills
- Problem-solving skills
- Time management skills
- Adaptability & Teamwork
- Organizational skills

HSSC (ICS)

Aviation Army Public School & College, Rawalpindi

2012 – 2014 | Rawalpindi

SSC (SCIENCE)

F.G. Girls High School, Rawalpindi

2010 – 2012 | Rawalpindi

CERTIFICATIONS:

Prime Minister Kamyab Jawan Program (NAVTTTC) Cyber Security Certification - A+

VAPT, Google Hacking, Ethical Hacking, Code Analysis, Dynamic & Static Analysis

IS22 Certified in Cybersecurity-CC (Ongoing)

Security Principals, Access Control, Network Security, Security Operations

Ethical Hacking Essential - EHE (Coursera)

Network and Web Application Attacks & Countermeasures

MS COURSE WORK

- Network Security (Theoretical and Labs)
- Data Security
- Software Security
- Blockchain Security
- Information Assurance
- Vulnerability Assessment and Reverse Engineering
- Web Application Security
- Network Forensics
- Cyber Security Using AI and AI in Cyber Security (As Major)

PROJECTS:

Wazuh SIEM Solutions Project

- Blocking unauthorized Applications
- Blocking a known malicious actor
- Blocking Invalid Users from accessing the agent(s)
- Detecting IDS events
- Threat Hunting
- Malicious Domains hunting
- System Monitoring and identifying security events
- Network Traffic Analysis
- Asset Discovery
- Role-based Access Control
- Malware Detection
- Vulnerability Detection
